

ROTARY SLITTER SCORER

Fast and accurate rotary slitter scorers for corrugated.

The Autobox range of Rotary Slitter Scorers has been developed to offer the user a simple yet fast method of cutting and scoring corrugated board ready for box making. With multiple slitting and scoring tools the machine can be set up to produce as many as four correct size blanks from a single pass at speeds of up to 120 metres per minute (394 feet per minute). The slitting and scoring tools simply slide along the chrome plated shafts and are locked in place at the correct position by the operator.

The top cover is hinged to allow quick and easy access but is held shut by an electrically operated locking device whilst the shafts are turning. The height of the shafts is adjustable to allow control of the grip and crease pressure, whilst an inverter is used to control the throughput speed.

-  Multi-out rotary slitter
-  Simple and quick set-up
-  Variable speed control
-  Solid, durable construction

**Autobox**
WORLD LEADERS IN SHORT RUN BOX MAKING SYSTEMS

ROTARY SLITTER SCORER

Specification details

Model	RSC 184	RSC 214	RSC 244	RSC 284	RSC 304
Max. sheet width	1800mm / 70"	2100mm / 82"	2400mm / 94"	2800mm / 110"	3000mm / 118"
Min Slitting width	70mm / 2 3/4"	70mm / 2 3/4"	70mm / 2 3/4"	70mm / 2 3/4"	70mm / 2 3/4"
Min. Scoring width	25mm / 1"	25mm / 1"	25mm / 1"	25mm / 1"	25mm / 1"
Throughput speed	120 m/min / 394"/min	120 m/min / 394"/min	120 m/min / 394"/min	120 m/min / 394"/min	120 m/min / 394"/min
